The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 11, and 14 are rejected under 35 U.S.C. 102(b) as being anticipated by Hirschmann. As shown in figures 1 and 2, Hirschmann discloses a main frame (1) having a stop (the width of the main frame allows restricted movement at the point opposite from that of the spring), a back bracket (3) pivotally mounted (9) to the main frame (1) and having a rounded nose (the portion forward of pivot point (6)) which limits the movement, a seat (2) mounted to the main frame and having an arm (10) and restricted movement via slot (8), and a compression spring (5) such that the seat is mounted to the main frame (1) pivot so as to be tiltable forward and rearwardly regardless of a tilt of the back bracket (column 3, lines 20-37 and lines 40-60).

Claims 2-10, 12, 13, and 15 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The applicants arguments have been considered but are not deemed persuasive. Hirschmann does disclose the seat to be pivotally mounted to the main frame and be independently tiltable with respect to the back bracket (see column and lines above).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3634

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
